Scattered Storms in Vulcan Area

Devastating Hail Storm Hits Champion District

Warm, dry weather has prevailed this week, bringing the crops along rapidly, and it is now considered that harvest will not be more than a week later than usual in most parts of the county.

A devastating hail storm, two to six miles in width and a reported 20 miles long, flattened crops in the west Champion district Sunday evening. This was the second hailstorm to hit this area in two weeks and thousands of acres of better-than-average crop were flattened, 100 per cent loss being suffered by many farmers.

There has been no wide-spread hail damage in the Vulcan district but damage ranging from 25 to 80 per cent has been suffered in small areas in many parts of the district. Lomond and Ensign districts also report some hail damage.

Institute Members Hear Travel Talk

The postponed July meeting of the Reid Hill W.I. was held at the home of Mrs. Carson McKay Thursday, July 26, with 16 members and two visitors present. Mrs. Bowle, the president, was in the chair, while Mrs. Jack Marshall, secretary, and Mrs. J. C. McMillan, treasurer, aided her in conducting the meeting.

Business matters dealt with included a discussion to decide if the branch would show a float in the parade at the forthcoming County Fair, next month. After considerable discussion the members decided they would undertake to provide a suitable one, depicting some aspect of Institute work or history.

A letter of appreciation was read from Lorne Sales, on active service in Korea, for a parcel sent him by the ladies. The matter of holding a picnic was brought up, but the members voted not to hold one this year. Instead a meeting will be held at the home of Mrs. A. Sales, Thursday, Sept. 6th.

Mrs. Agnes McKay gave a very interesting and much appreciated talk on her trip last winter to California and Mexico. To the majority of the members, who have never had the privilege of seeing these picturesque and beautiful places, Mrs. McKay's talk was especially interesting. She also passed around a number of fine pictures that served to further illustrate many points of interest.

Mrs. Walter Dann and Mrs. Opal Drummond were the winners of the contest arranged and conducted by Mrs. Frieda McRoberts. The birthday member for the month was Mrs. Walter Dann and she was presented with a delicious cake, baked by Mrs. McMillan.

Mrs. Jack Marshall won the tea draw. A tasty and bountiful lunch was served by the hostess assisted by Mrs. Agnes McKay and Mrs. Dann.

Pet Parade On Friday Afternoon

A pet parade will be one of the added attractions at the Vulcan County Fair to be staged here on Friday and Saturday, August 10 and 11. The pets will be paraded by their owners in the Mammoth Parade which gets underway at 1:00 p.m. on Friday and the same afternoon they will again parade before the judges for prizes. It is expected that show ring will be set up on one of the main streets for this purpose.

Pets will include any animal, bird, fish etc., and among the prizes awarded will be one for pets which are the largest, smallest, best trained, skinniest, fattest, most unusual, most valuable, least valuable, the one with the longest tail, most useful, etc.

This event is expected to prove quite entertaining and to attract a large number of entries. Last year's contest attracted a great deal of interest when it was restricted to dogs and with this year's entries to include all pets, interest should run high.

STATE OF MIND
I made a mental note one day, I struggled to compile it, Then had to throw the thing away; I had no place to file it.

Local Marksmen Will Compete At Ottawa Shoot

Mr. and Mrs. Robert S. Irwin, accompanied by Mervin Brooks, leave this Friday for Ottawa, where Mr. Irwin and Mervin will compete in the Dominion of Canada Rifle Association Shoot.

In the recent Alberta Rifle Association shoot at Sarcee, Mr. Irwin won second in one event and third in another, and placed well in other matches. As a result of the showing he made he was invited to join the Alberta team that will compete at Ottawa the week of August 13-19.

Mervin Brooks will be a member of the Alberta Cadet team that will also compete in the Ottawa shoot.

Walker-Rushfeldt Nuptials at Calgary

Westley United church, Calgary, was the scene of a pretty wedding Friday, July 6th, when Rev. Dr. Murdoch MacKinnon, united in marriage Shirley Arlene Rushfeldt, daughter of Mr. and Mrs. E. I. Rushfeldt of Heinsburg and Donald Guy "Pat" Walker, son of Mr. and Mrs. Ross Walker, Vulcan.

The church was beautifully decorated with baskets of gladioli, iris and peonies, and the guest pews were marked with white satin bows. Given in marriage by her father, the youthful bride was lovely in a princess gown of white satin. The nylon net yoke was edged with satin embroidered with seed pearls, and was fashioned with lily-point sleeves. The skirt, with gathered fullness over the hipline, fell to a short train, and the finger-length veil of illusion net was edged with Chantilly lace and was held by a strand pearl coronet. A crescent bouquet of American Beauty roses with white satin streamers completed the brides ensemble.

Mrs. Derald Miller, Raymond, matron-of-honor, chose a gown of pink eyelet brocade and nylon net. The brocade bodice was fashioned with a sweetheart neckline, while the net skirt fell in full folds to the floor. She wore a three-strand pearl necklace and matching bracelet and carried a Colonial bouquet of Sweetheart roses, sweet peas and turquoise daisies.

Allan Walker, brother of the groom, was best man, while invited guests were shown to their places by ushers Ralph Walker and Victor Rushfeldt.

Following the ceremony a reception for 75 relatives and friends was held in the Harris-Sky-Room. Bouquets of carnations, iris and peonies were effectively in use in the decorating scheme, with the bride's table being centered with a three-tiered wedding cake, decorated with a wine-glass ornament.

Receiving with the bridal couple were the mothers of each. Mrs. Rushfeldt chose for her daughter's wedding an ensemble of navy with which she wore navy and pink accessories. Her corsage was of pink carnations. The groom's mother was attired in a gown of black and white nylon with matching accessories and she wore a deep pink rose corsage.

Dr. E. Gee proposed the toast to the bride, which was fittingly responded to by the groom.

For going away the bride changed to a suit of navy blue complemented by white accessories and a camellia corsage.

Following their return from a honeymoon spent in the Rockies and several western U.S. points, the young couple have taken up residence on their farm in the Reid Hill district.

RUTH'S ESTATE WAS \$360,000

Babe Ruth, highest-paid baseball star of his era—and a big spender, too—left a net estate of \$360,000. He died three years ago of cancer at the age of 53.

Baseball's immortal home run king made an estimated \$1,425,000 during 24 years in baseball. He left his widow, Mrs. Clara Mae Ruth \$5,000, plus a life interest in a \$19,611 trust fund and in the estate after all bequests were taken out.

U.N. Representative Discusses Kashmir Problem Friday and Saturday, Aug. 10-11

Undiscouraged by past efforts to settle the dispute between India and Pakistan over control of the princely state of Jammu and Kashmir by peaceful means, the United Nations Security Council has assigned a new U.N. Representative for India and Pakistan to carry out the demilitarization of the state as a prelude to a U.N. supervised plebiscite to determine Kashmir's political future. Here, the new U.N. Representative Dr. Frank P. Graham (left) discusses situation with Pakistan's Minister Sir Mohammad Zafrullah Khan.

Norman Jacobson, 21 Is Victim

Vulcan District Youth Drowns In Canoe Accident, Lethbridge

The Vulcan district was shocked and saddened last weekend by the untimely death of Norman Jacobson, 21, who drowned in Henderson Lake, Lethbridge, when a canoe he was in capsized. The popular district youth was the son of Mr. and Mrs. Alvin Jacobson, who farm nine miles north-east of Vulcan.

According to the report of the tragedy carried in the Lethbridge Herald, the canoe was less than 200 yards from shore when it tipped over. Two other occupants of the canoe, Melbourne Dunham of Vulcan and Miss Barbara McKay of Lethbridge, were saved by two brothers, Mike and Tom Delaney of Longview, Washington, who were nearby in their rented canoes at the time. Miss McKay was holding onto the end of the overturned canoe and the two Vulcan youths were thrashing about in the water in an effort to stay afloat. Mike Delaney towed Dunham to safety while his brother pulled Miss McKay to shore, but when they returned to the scene, there was no sign of Norman Jacobson.

Terry White, 18, also of Vulcan, was also nearly in a rented canoe when the accident occurred. He partially stripped and dove into the weed-infested waters in an effort to save his friend, but couldn't get there in time.

The accident occurred about 9:30 p.m. and the headlights of cars parked at the lake front illuminated the scene and facilitated the search for the body. A Lethbridge police sergeant volunteered to dive for the body, but due to the danger of the heavily weed-infested water, Chief Constable Harvey of Lethbridge ordered dragging operations instead. The body was recovered at 10:45 a.m. on Saturday.

Neither Miss McKay nor Melbourne Dunham suffered any physical ill-effects from their struggles in the cold water of the lake. The Vulcan youths were members of the Vulcan Junior Grain Club, which had visited the Experimental Farm Friday afternoon.

Martin Bros. Funeral Home was in charge of arrangements and services were held from the Vulcan United Church Tuesday afternoon. Pallbearers were all young friends of the deceased and the large attendance at the services paid tribute to the esteem in which the young man was held. Burial was made in the Vulcan cemetery.

Norman Jacobson was born in the Vulcan district and attended Mayview school and Vulcan high school. After leaving school he helped his father on the farm. Besides his parents he is survived by a twin sister, Clara.

The heartfelt sympathy of town and district residents is extended to the Jacobson family.

est in a \$19,611 trust fund and in the estate after all bequests were taken out.

When she dies, 10 per cent goes to the foundation the Babe dedicated to "The kids of America."

The other 90 per cent goes to two adopted daughters, Julia Ruth Landers, of Kearsarge, N.H., and Dorothy Sullivan Ruth Throne, of New York. They also receive \$5,000 each outright.

Everything Set For Two Big Days At First Annual Vulcan County Fair

The Vulcan County Fair, the first of its kind to be held in Western Canada, will be staged at Vulcan on Friday and Saturday, August 10th and 11th. Jointly sponsored by the Vulcan Lions Club and the St. Aldhelm's Anglican Ladies Aid, the event was started last year as a district fair and this year expanded to a County Fair to coincide with the boundaries of the County of Vulcan and the Lomond district.

The enlarged Fair also required larger space for exhibits, so this year in addition to the Armouries and the I.O.O.F. Hall, the committee has engaged the facilities of the Skating Arena and the two curling rinks, as well as outdoor space to exhibit farm machinery displays, etc.

Opens With Parade
The County Fair starts off with a mammoth parade on Friday afternoon at 1:00 p.m. The official opening ceremony will take place at the commencement of the parade. Floats, decorated cars, commercial exhibits, pets and farm machinery will make up what is expected to be a mile long parade.

Committees have been working on this for several months and it is hoped to have one or two prominent bands in the parade as well, although complete confirmation has not yet been obtained. Exhibits open at 2:00 p.m. and if last year's entries are any indication, the greatly enlarged exhibit space will be none too spacious.

A pet parade will be staged in the downtown business area at 2:00 p.m., when pets comprising animals, birds, fish, etc., will be judged for largest, smallest, best trained, skinniest, fattest, most unusual, most valuable, least valuable, the one with the longest tail, most useful, etc. In addition to prizes, all those entering pets will be given a free ticket for a ride on the merry-go-round.

Fashion Shows
A fashion show and tea will be staged each afternoon from 3:00 to 5:00 in the Vulcan Armouries. Each fashion show will be entirely different, the one on Friday, afternoon featuring girls, teenage, and ladies ready to wear from Betty Ann Shoppe and on Saturday afternoon those from Queenie's Ladies Ready-to-Wear.

From 5:30 to 7:30 each day the ladies are serving a home-cooked supper in the I.O.O.F. Hall. Despite the hotel dining room and five restaurants, the anticipated crowd would more than tax their facilities.

The art exhibits, which last year disclosed many artists in the district, will include all oil, water color, pastel, etchings, or any other type of pictures. A large entry of good pictures is anticipated.

Princess Contest
A highlight of the fair is proving to be the Princess contest. Five little girls have been chosen in the various parts of the County to compete in this and interest is running quite high. The five County Princess candidates are Miss Marjorie Kurtz, of Kirkcaldy, representing Kirkcaldy, Reid Hill and Vulcan districts; Miss Frances Vorlugs, of Champion, representing the Champion and Carmangay districts; Miss Norven Nelson, of Queenstown, representing the Mossleigh, Queenstown, Milo and Arrowwood districts; Miss Barbara Fletcher, of Brant, representing the Brant-Ensign district; and Miss Linda Lucas, of Armada, representing the Lomond and Armada districts. While early receipts are far from conclusive, the leading candidate at time of writing was Miss Marjorie Kurtz of Kirkcaldy.

Judges for the exhibits are being provided by the Department of Agriculture, Edmonton, so that highly competent judging is assured. No entry fee is being charged.

The longer the delay the less chance there is that the application can be handled in time.

Applicants must prove their age, and the proof should be sent along with the application form. Birth or Baptismal Certificates are best evidence. Other documents that will be considered include records in family Bibles, church rolls or registers, marriage records, communion certificates, passports and acknowledgements of age by insurance companies.

If you cannot send evidence of this kind, please send any documents you do have that support your claim of age. Mr. Gillman said, "These documents will, of course, be returned to you. If you cannot send anything to prove your age, send in your application anyway, stating that you have no document to support your claim of age. You will then be told what you must do about proving your age."

The pension cheques will be addressed to the pensioner himself, although provision will be made to pay the pension to some other person or agency when this becomes necessary because of the pensioner's illness or infirmity.

Plans for this County Fair were gotten underway last September and no effort has been spared to make this the event of the year and to set it up as a model for the County Fairs for years to come. The idea that it is a County-wide Fair has been stressed very strongly, and everything indicates that it will truly be a most successful first annual Vulcan County Fair.

Former Resident Dies in California

A former resident of Vulcan, Grace Givens House died at San Diego, Calif., on July 20, 1951. She will be remembered by many Vulcan residents.

Born in Kentucky, she had made her home for the past seven years with her sister, Mrs. Dorothy Schindler of 3505 Curlew, San Diego.

Funeral services were held at the Merkely-Austin Chapel, San Diego, on July 23, and interment was made in the Mt. Hope Cemetery, San Diego.

Swim Show On Friday, August 10

County Fair patrons will have a treat in store for them in the form of a Swim Show which will be staged at the Vulcan and District Memorial Swimming Pool on Friday evening, August 10.

Starting promptly at 7:30, the one hour show will comprise exhibition diving, a complete demonstration of swimming and water safety which takes a beginner right through to a senior swimmer, stunt diving and novelty events. The original idea of a competitive swim meet has been changed to this more entertaining type of program.

Vulcan is rapidly becoming known as an Alberta centre for good swimmers and this demonstration of swimming and water safety will show how this feat is accomplished.

Special floodlights have already been installed in preparation for this show and later events. Interest in the Swimming Pool and the instruction being given has been very high this summer and a large crowd is anticipated.

for exhibits. No prizes are being awarded to the winners, who are just credited with winning and given ribbons. Some shields and trophies are also being awarded.

Those putting in entries are asked to please endeavour to have all entries turned in on Thursday. Committee members will be on hand to receive them. This is necessary so that the judges will have a chance to get the entries judged before the exhibits open at 1:30 on Friday.

The flower exhibits are classified to include flowers that are common to the average home in the County of Vulcan. Flower raisers are urged to make entries in each section as a fine trophy is being presented to the entrant with the highest number of points in the flower section.

Swim Show
On Friday night a Swim show is being staged from 7:30 to 8:30 in the Vulcan Memorial Swimming Pool. A demonstration of the type of instruction being given here in swimming and water safety from a beginner to a senior swimmer will be given as well as exhibition diving, stunt diving and novelty events. Vulcan is rapidly becoming known as an Alberta's Center for good swimmers and the demonstration of swimming and water safety will show how this feat is accomplished. Special floodlights have already been installed for the occasion.

Other entertainment is also being provided in the form of a merry-go-round for the children and bingo for the adults at the rink and the Armouries.

Nightly Dances
Each evening a dance is being staged in the spacious Vulcan Armouries with old time and modern music provided by Frank Little's Orchestra. A square dance competition will also be held each night. Provision is made for the additional use of the I.O.O.F. Hall should the crowd be too large for the Armouries.

Plans for this County Fair were gotten underway last September and no effort has been spared to make this the event of the year and to set it up as a model for the County Fairs for years to come. The idea that it is a County-wide Fair has been stressed very strongly, and everything indicates that it will truly be a most successful first annual Vulcan County Fair.

Attending Medical Training Camp

Arthur Leslie Young of Brant, Alberta is attending the Seventh-day Adventist Medical Cadet Training Camp at Saskatoon which is being conducted between July 24 and August 7.

The purpose of this camp is to prepare young men to serve as medics in time of war or any public emergency. The course is given in co-operation with the Surgeon-General of the Canadian Army at Ottawa. Military courtesies, foot drill, and Red Cross instruction are included in the curriculum.

Old Age Pension Forms Available

Application forms for Old Age Pensions are now available in all post offices throughout Alberta, the Regional Director of Old Age Security, H. C. L. Gillman, said at Edmonton today.

Persons who are already receiving Old Age Pensions do not have to fill out new application form, Mr. Gillman emphasized. Their names and addresses are being obtained from provincial records and transferred to federal lists without any action being required on their part. Alberta has approximately 15,250 persons in this group. Those who are receiving \$40 a month pension will have it continued at that level; those who are getting a partial pension will find it increased to \$40.00.

Alberta has approximately 25,000 persons aged 70 or over not now getting pensions who will be eligible for a pension under the new program, Mr. Gillman said. It is essential, he emphasized, that these people send in their applications immediately, so that proof of age and residence in Canada may be checked and all arrangements completed for the first cheques to go out toward the end of next January.

Delay in sending in an application may mean that the application cannot be put through in time for the January cheque is-

Canoes and Weeds

The untimely death of Norman Jacobson, drowned in Henderson Lake, Leth bridge, appears to be the result of two circumstances—both of which could probably be controlled if public opinion forced the authorities to take action.

First is the matter of the renting of canoes to people totally inexperienced in the handling of these tricky boats. Some method of control could surely be enforced, and would certainly be worthwhile if it helped to reduce the appalling number of canoe drownings every year. The compulsory wearing of life-vests while in a rented canoe is another suggestion that should not be dismissed too lightly.

Second is the fact that Lethbridge's Henderson Lake already has an unsavoury reputation for drownings, and at least some of the fatalities that have occurred there were due to the heavy growth of weeds in the lake, reaching up almost to the surface in many places. Even the best swimmer is helpless when he becomes entangled in weeds in deep water. Just how long is the Lethbridge city council going to allow this situation to continue? Under its pretty surface Henderson Lake is a deathtrap. Cannot these weeds be eradicated in some way or, failing that, greater safety precautions be taken?

We hope that some action can be taken before Henderson Lake claims another young life.

THIS AND THAT BY V.A.C.

The most outstanding sign of the times in Vulcan is the one erected on the Memorial Swimming Pool recently.

I was amused to hear a lady remark at the Pool that she could not get anything done at home because she had to spend so much time with the kiddies at the Swimming Pool. Just remember that, mother, when father starts curling this winter.

It would be a strange place if nobody ever complained. However, it would be a poor place to live if everybody had a "beef." Ada Lenora Harris wrote the following lines about such a community, which she called:

Grumble Town
The folks who live in Grumble Town
Of smiles show scarcely any traces;
The corners of their mouths turn down,
And all have far from pleasing faces.

And nearly always, if you try
Your best to interest and please them,
They act (I'm sure I don't know why),
As though your object was to tease them.

They grumble if the weather's cold;
They grumble if the dinner's hot;
Their favorite pudding (so I'm told),
Is just the one they haven't got.

And this is the advice I give
To those who want to settle down:
Choose any place in which to live
Except the one called "Grumble town."

Although such recreations as swimming or curling do take up a lot of our time, there is much to say in favour of such pastimes. The increase of leisure time in our daily routine has made organized amusement more essential. In the busy world of today, we may well heed S. E. Kiser, who tells us that we need:

A Little Rest
How foolishly we often fret
When little troubles come to taunt us,
How often we decide to let
Poor little difficulties daunt us;
How often cowardly we swerve

And weekly shamble down to hill,
When but a little rest would serve
To keep us bravely mounting
still.

Due to the abundant rain of this year Alberta has never been more beautiful than now. The following optimistic verses say what I have in mind as I look about me.

A Perfect Day
So like a ship aflame at sea,
The orb of morning sun
Displays the dainty beauties of
A new day, well begun.

The lowland lakes like silver shine
Beneath a sky of blue;
So many mirrors, nature-made,
Reflect a day half through.

When night draws near, the stars appear
And shadows fade away,
To mark the passing, not the end,
Of someone's "perfect day."

Do You Have A Balance Stone?

One morning many, many years ago, a young farm boy set out on his regular trip to the grain mill.

As the day grew warmer, the young man found his animal growing weary, so he decided to walk a little of the way.

He had just dismounted when a man stepped out onto the road from a path leading into the woods. By his looks and dress, he was a complete stranger to the section. He seemed to be a friendly enough fellow, and the farm boy could see no harm in walking part way down the road with him.

They had not walked far when the stranger asked: "Boy, why don't you ride the horse? He looks strong enough."

"I would sir, and I will later, but he's weary now—and he's got enough of a load with the grain and the balance stone."

The stranger claimed no knowledge of balance stones, so the boy explained: "The horse carries his load easier, sir, if it is equally weighted on either side of him—so on one side we put a stone and on the other side we put enough grain to balance the stone. In this way the load is easier to carry."

"That's very clever," said the stranger, "but wouldn't it be better to divide the wheat into two portions and carry it that way—each portion balancing the other?"

"What would we do with the stone, sir?"

"You could throw it away."

"Oh, no, sir, it's been in the family for years. Grandpa would never hear of it."

WHEAT POOL POLICY

It was never the intention of the founders of the Alberta Wheat Pool and Pool Elevators that earnings should be distributed on the basis of capital stock holdings. The Pool elevator system was built to give service to working farmers, not to make profits for stockholders.

The present Wheat Pool policy in respect to reserves accumulated during the period 1923 to 1928 provides for their purchase at 100 cents on the dollar from the older members and from those no longer engaged in farming and the transferring of these reserves to members who patronize Pool elevators, together with a cash patronage dividend in years when earnings justify same.

Since Alberta Pool Elevators started in business the following payments have been made to patrons and reserve holders.

Patronage dividends in cash	\$ 4,695,593
Redemption of reserves	5,876,900
Total	\$10,572,493

In addition to the above, patronage dividends have been paid in reserves to a total of \$4,935,846.

Every Pool member should have a clear understanding of Pool policies. It is believed that such policies should encourage more farmers to become Pool members and should also be an incentive to increased deliveries to Pool elevators.

Pale-Western Cutworm Control

In a recent report of cutworm activity, L. A. Jacobson and Dr. Howard McDonald of the Field Crop Insect Laboratories at Lethbridge and Saskatoon, advise that pale western cutworm damage in Alberta and Saskatchewan was much more widespread in 1951 than in the past several years. They also advise that infestation in 1952 may be at least as serious as that which occurred this year.

In Alberta, cutworm infestations were present in several localities, but crop damage was confined mainly to localized districts in the south east and extreme south of the province.

W. Lobay, Supervisor of Crop Protection, Alberta Department of Agriculture, advises farmers in the cutworm areas to take every precaution when summerfallowing this year. Keep off the summerfallow during August and the first half of September, he advises. This is the time when the pale western cutworm moths are laying their eggs. Loose summerfallow soil provides an ideal place for their operations. If the soil is left undisturbed during the period mentioned, the crust on the surface will tend to prevent the field from becoming infested with cutworm eggs. Live stock should also be kept off the fallow from the end of July until the middle of September. Their trampling the field will break the crust and seriously interfere with the attempt at pale western cutworm control.

The Alberta Department of Agriculture's Supervisor of Soil Conservation and Weed Control, G. R. Sterling, says that if weed growth is kept well under control until the end of July, and operations started again immediately following September 15th, there will be little danger of most weeds growing sufficiently to cause trouble. In cases where quack grass, leafy spurge, hoary cress, road flax, field bindweed or Russian knapweed are a serious threat, it may be a matter of choosing between control of the weeds or control of the cutworms.

MRS. ART ULRICH

Coffee Drop Cookies

2 cups sugar (one white and one brown)
1 cup butter (or Margarine)
2 eggs, well beaten
2 tsp. cinnamon
1 tsp. nutmeg or cloves (or 1/2 tsp. each)
1 tsp. soda dissolved in 1 cup cold coffee
4 to 4 1/2 cups all purpose flour (sifted before measuring)
1 tsp. baking powder
1 cup soft raisins
1/2 cup chopped nuts

Method

Cream shortening with sugar and spices. Add the eggs and beat well. Then add, alternately, the coffee and flour, which has been sifted with the baking powder. Lastly, add the raisins and nuts (if the raisins are dry, pour boiling water over them and let stand a few minutes, then drain well, if very large, cut in two with scissors). Bake a "tester" to see that amount of flour is right before dropping the rest of the batter by small teaspoonfuls onto oiled baking sheets. Bake 12 to 15 minutes in a fairly hot oven, about 400 degrees. This recipe makes 5 to 6 dozen cookies.

and occupied by Mr. and Mrs. Ken Alder.

Women's Association

The W.A. held their July 28th meeting in the United Church, which was tastefully decorated with bouquets of summer garden flowers.

The president, Mrs. L. Latiff, presided over the largely attended meeting. Following the business period, which was brief, Mrs. Peter of Grapum, guest speaker, gave a very interesting address on "Christian Citizenship" which was exceedingly well received by the assembly.

"Happy Birthday" was sung in unison, complimentary to all those who celebrated a birthday anniversary during the month. Miss Gloria Fraser entertained with a delightful vocal solo "Beyond The Sunset". Mrs. W. Christensen and Mrs. J. Swift sang a pleasing duet "Only a Touch of Thy Hand Dear Lord."

The ladies adjourned to the house where a delicious lunch was served by the refreshment committee, Mrs. Ernie Nowlin and Mrs. Gordon Davey.

There will not be a meeting of the Association during August.
